I am traveling from Zug to Cham, but as line 4 does not run in the evenings, I need to use line 6. Do I need to buy a ticket for zone 623?

Yes. You must have a ticket for all zones you travel through. If you travel on line 6, you need a valid ticket for zones 610, 622 and 623. If you travel by city railway, you must have a valid ticket for zones 310 and 622.

I live in Steinhausen and would like to buy my Zuger Pass card for zones 610, 622 and 623. What should I enter?

Change the starting point to one in zone 610 (e.g. Zug) and enter a stop in zone 623 (e.g. Cham) as your destination. The ticket machine gives you a choice of "direct" or "via Steinhausen". Select "via Steinhausen". The "direct" option only gives you zones 610 and 622. This method also works for day tickets and day choice tickets.
